

Beaver Creek *Not exactly roughing it.*

February 26 – March 4, 2012

Beaver Creek is a feast for the eyes, a delight for the senses. The influence of renowned resorts such as Switzerland's St. Moritz and Italy's Cortina led to the creation of a unique mountain resort full of excitement and village luxury. The heart of the resort, Beaver Creek Village is full of quaint shops, art galleries, bars and restaurants, all conveniently linked by heated walkways and escalators. Beaver Creek is known for lavish accommodations in the Heart of the Rockies. Originally designed to accommodate skiers of all abilities, Beaver Creek Mountain continues to welcome and challenge those who visit her slopes. From the gentle groomed runs of Strawberry Park to the rugged glades and bump runs of Grouse Mountain, Beaver Creek is enjoyed by a variety of Nordic sports enthusiasts.

The Pines Lodge Beaver Creek Resort is "Close to perfection. Far from ordinary".
